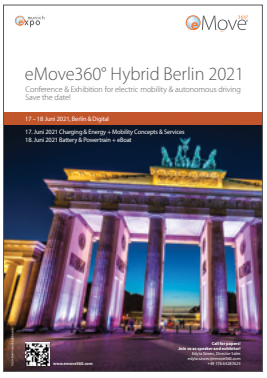
What is the eMove360° Digital Hub and which advantages do you have as eMove360° Club member?



Here we go! eMove360° goes virtual! Easy to manage, active throughout the year and very innovative. This is the eMove360° Digital Hub, the digital platform and community club dedicated to all our eMove360° Club personal and company members.

By becoming a new eMove360° Club member, you will benefit from all the advantages all year round and be able to chat with all members, exhibitors, speakers, and companies and attend all the eMove360° virtual events and eMonday Club meetings with no extra charge.

eMove360° Hybrid Berlin 2021

eMove360° Hybrid München 2021

eMonday Meetings 2021

eMove360° CLUB – PERSONAL MEMBER

The eMove360° Club – Personal Membership is great for those who individually want to be part of our community, participating online in all events and benefiting from discounts and chatting with all participants, exhibitors, and members.

- Discount on eMove360 exhibition stand space
- Discount on advertisement and banners
- Free access to the eMove360° eMonday Club meetings and the trade fair
- Roll-up on all eMove360° eMonday Club meetings and much more!

Inquiry: Why are you a member in the eMove360° Club & Digital Hub?

"We have chosen corporate membership and are excited about the opportunity to connect digitally with other players in the automotive industry through eMove's strong network. The friendliness and professionalism of the eMove team adds to our satisfaction about our membership."
Luise Müller-Hofstede & Karolin Langfeldt,
Client partner & Strategic Business Development at Circulor

"The eMove360 Club + digital Hub is the ideal platform for me to exchange ideas with colleagues, suppliers, and potential customers. The different perspectives and international input significantly expand the knowledge of electric mobility."
Sebastian Ewert, Head of Corporate Startup chargeBIG MAHLE

"I am a member because in my role in innovation management and in the "National Platform Future of Mobility" I naturally want to be well informed about the latest trends and developments in the field of mobility, digitalization, and artificial intelligence."
Günther Fischhaber, Innovationsmanagement Produkt, Head of I/EZ-I2, Managing Director National Platform Future of Mobility, NPM AG 6, AUDI AG

"I am a convinced member because I find the independent activities since the early days from eMonday to the diverse eMove360° programmes very authentic and inspiring, but also benefit from the now large e-mobility community!"
Prof. Dipl.-Ing. Johann Tomforde, Executive Partner, Teamobility

"I appreciate being a member because I'm always up to date thanks to the combination of eMove360° Club, eMove360° Magazine, eMondays Meetings and conferences. I also like the eMove360° team's keen intuition for trends and the excellent selection of speakers. If something interesting lands in my inbox, I usually say: I already know the topic from the eMove 360° Club."
Hans Gnann, Business Development Manager ADAC
