## Important

Any distribution of food and/or beverages is subject to official hygiene regulations, and to review by food and beverage officials of the local inspection authority (Bezirksinspektion Ost).

## Legal Regulations

According to Sections 64 and 69 of the German Trade Regulation Act, the distribution of samples (promotional items, food and beverages) at a scheduled trade fair is not subject to official approval, but must be declared.

Should beverages not intended as samples be sold for consumption on site, the requirement to apply for permission as set out in Section 1, Paragraph 1 of the German Catering Act applies. Approval is required in any such case in accordance with Section 12 of the German Catering Act.

**Exhibition stand hospitality for guests, customers and visitors:** With regard to the assessment of the exhibitor's customer hospitality activities, such as do not incur a fee, the special character of the function is to be given particular consideration. As the overall event is primarily of a promotional nature, the distribution of food and beverages is regarded as an extension of the true, broader objective of the event, namely promotional activities aimed at attracting customers.

**Therefore, taking logistical and economic factors additionally into account, the relevant local authority (Kreisverwaltungsreferat der Landeshauptstadt München), in keeping with current statutory requirements, herewith exempts the complimentary distribution of food and beverages, whether or not served as samples, from the requirement to obtain a permit against payment of a charge in accordance with the German Catering Act.**
